## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Thornton in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Consolidated Schools Building in said Thornton on Tuesday, the 8th day of March, next at seven of the clock in the evening to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To consider the Budget — item by item — as printed, and to raise such sums of money as may be necessary.
3. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.
4. To see if a discount will be paid on property taxes paid before a certain date to be later set by the Selectmen.
5. To see if the Town will vote to sell Town Property taken on tax title.
6. To see if the Town will vote to accept the sum of \$100 given in trust for the perpetual care of the George Fadden lot in the cemetery.

7. To see if the Town will vote to hold future Town Meetings in the evening.

8. To see if the Town will vote to accept the provisions for a non-partisan Town Ballot, for the election of Town Officers.

9. To see what the Town will vote to do about the middle pier of the West Thornton bridge, and appropriate money for the same.

10. To consider the emergency highway expense caused by the flood of Oct. 23rd.

11. To transact any other business that may legally come before said meeting.

(The complete Warrant is always posted at the meeting place.)

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and sixty.

KENNETH W. ROBBINS,

RUSSELL M. GILMAN,

ALTON G. BENTON,

Selectmen of Thornton

# About Town

Two years ago the Selectmen worked out a re-assessment program based upon the principle of "true value" — 100%. In general this meant doubling everyone's assessment because of a past record of 50% valuations. And, of course, by doubling the assessments, the tax rate was cut in half. It was cut in half — except for the increase voted in the current Budget. In a few cases, to be sure, other considerations had to be considered by the Board, as in every year.

Regardless of the percentage of "full and true value" which a town uses, no individual tax can be unjust as long as the Selectmen are impartial and keep assessments in proportion.

Selectmen must act as a Board in matters of judgment. A majority of two may dominate the Board and "rule" it. But a properly constituted Board does not work out that way.

In our re-assessing procedure two years ago, Thornton had a well constituted Board: three men from different sections of the town, all completely independent, and representing three different callings that make up the complexion of the community. All of them possessed experience. Sales recorded since the re-assessment seem to have borne out our findings. But negative forces are at work in the Pemigewasset Valley. Valuations do not remain static.

Changes in our living habits affect property values, and shift them about. West Thornton section was once the most active but now it is not. Formerly a two story dwelling might be expected to be most valuable, but today the demand is for small compact homes where a "do-it-yourself" program takes care of up-keep. Recently Summer property has been affected by the popular demand now, for being on a lake or pure stream. Even "transient" tourists trade along Route 3 seems destined for a change.

In the final analysis these truths prevail:—

Losing valuations will increase our taxes. Building up new values can reduce our taxes. Cutting taxes much by cutting the budget, is just piddling.

## **—Selectmen – In Account With—**

### **SUMMARY OF RECEIPTS**

**Year Ending Dec. 31, 1959**

#### **From Local Taxes:**

Property Taxes, Current Year	
1959	\$ 35,929.91

# TOWN ROADS

---

## SUMMER HIGHWAY MAINTENANCE

This year through the work of our Representative, Richard Bradley, and other interested parties, legislation was passed which allowed the town more State Aid for the Sandwich Notch road. This road is used almost entirely by tourist and business traffic which we feel should be a responsibility of the state rather than the town. Perhaps sometime in the future the burden of maintenance will be placed where it belongs. In the meantime we are shouldered with this care of a road, extreme in its beauty, necessity, and cost. Work on this road is all done by our agent John Rivers who is also responsible for the care of all other town roads. The following list is the cost of maintaining approximately 20 miles of town road:

John Rivers,

Scraping Roads	\$ 505.60
Tar Patching	623.40
Tractor Work	396.50
Cleaning & Repairing Ditches	766.00
Hauling Gravel	207.05
Other Truck Work	215.60
Patrolling	25.20
Mowing Bushes with Tractor	162.00
Hand Mowing	142.40
Spraying Bushes	114.00
Other Hand Labor	49.60
Carl Broad, Labor	7.98
Bert Benton, Labor	2.80

---

Total Cost of Summer Work	\$ 3,218.13
---------------------------	-------------

The town bought 1500 gallons of tar at a cost of \$301.18 which was used for tar patching. We hired the state crew to tar a short portion of Mad River road which cost us \$281.21, and tar patch purchased from Campton Sand & Gravel Co. cost \$44.57, a total of \$626.96 being spent for tarring.

T. R. A. money was used this year to "seal" work previously done with T. R. A. funds. This is the third coat of tar put on these projects and the final as far as T. R. A. is concerned. T. R. A. funds will be available this year to repair flood damage if the town so wishes.

General expenses of the Highway Dept. were as follows:

Wirthmore Stores, Salt	\$ 178.30
State of N. H., Sandwich Notch	
Special 1958 & 1959	280.00
Glenwood Duffy, Sand	54.75
Dave Rodgers, Sand	27.00
Robert Russell, Sand	5.00
F. J. Avery, Sander Repairs	12.86
Clarence Pulsifer, Spray for Bushes	30.08
State of N. H., Brushes	27.60
Other General	25.89
	<hr/>
Total Gen. Exp.	\$ 641.48

---

## BRIDGE REPAIR

We were fortunate to be able to obtain the services of the State bridge repair crew to do the work on the West Thornton bridge this past summer. They brought with them all the staging, ropes, jacks, paint, signs, and other tools and supplies necessary to do the job. All loose bolts were replaced or tightened, the traffic plates were replaced or tightened as necessary, and the supports under the bridge which were so badly rusted were all replaced. It has been recommended that the town each year have the sand and other foreign matter which accumulates on the abutments and under side of the bridge removed, as its presence holds the salt and moisture which, of course, is the major cause of deterioration.

Costs for the repair job were as follows:	
State of New Hampshire, Payroll	\$ 1,000.00
Dave Rodgers, Labor	22.50
A. L. Downing, Use of Compressor	18.00
Franconia Paper Corp.,	
Iron	31.02
Use of Welder	82.50
Labor	43.32
John Rivers, Flagging Traffic	11.97
Howland's Store, Gasoline	2.33
<hr/>	
Total Cost	\$ 1,211.64

The bridge now is in good condition with the exception of the pier in the river. There appears to be considerable washing away of the river bottom which has undermined the pier extensively. This condition, if left unchecked, will eventually cause the pier to settle and make the bridge unsafe. The bridge engineer has recommended the placing of large quarry rock around the base of the pier to stop any further damage. No estimate of the cost of this project has been made but the situation will be discussed at town meeting.

---

## FLOOD DAMAGE

---

The flood of October, 1959, caused much damage to the Town's roads and bridges. Some of the repair work has been done but the larger share remains to be done this summer. A large culvert, which was washed out on the Sandwich Notch road has been replaced and most of the washouts on the roads have been fixed. There remains two bridges in the Gore which need attention. The upper bridge, built a few years ago to replace the old twin bridges, needs work done on the up river side where it has started to wash around the abutments. The Hartwell bridge has a bad wash at the base of one abutment which has undermined the roadway. This appears to be a major undertaking requiring extension of the existing abutment to keep the current away from the river bank.

The cost of repairing the flood damage must be stood by the Town up to an amount equal to  $\frac{1}{8}$  of 1% of the assessed valuation, in the case of Thornton amounting to \$2,372.35. After this amount is expended, the balance of the work may be done with TRA funds. The amount of \$1,410.43 has already been expended as follows:

Bert Benton		
Truck	\$	21.28
Labor		61.90
Welding		1.50
John Rivers		
Truck		253.90
Tractor		220.25
Labor		84.80
Telephone Calls		1.76
Scraping		95.80
Brad Benton, Labor		6.65
John Benton, Labor		1.99
Dave Rodgers, Gravel		21.50
R. C. Hazeltine, Culvert		514.30
Downing Construction Co., Backhoe		124.80

It is estimated the remainder of the work will run well over the \$2,372.35 which the Town has to stand and the amount called for in the budget.

---

## WINTER HIGHWAYS

---

The winter of 1958-59 appears to have been one of the most expensive the town has ever experienced. In spite of the many hours put in by our road crews and the large amount of sand used there were still many times when traveling was hazardous. As usual, we started the year with 200 yards of sand. Before long it became apparent this would not be sufficient and we opened the pit for another 100 yards. In less than a week this was gone and we got another 200 yards which was all used up by Spring. The cost of putting out the last 300 yards ran as follows:

John Rivers,	
Truck	\$ 71.48
Tractor	112.00
Labor	2.20
Bert Benton, Labor	31.92
Total	<hr/> \$ 217.60

Cost of sanding done by Bert Benton as follows:

Bert Benton	
Truck	\$ 360.88
Labor	35.19
Tractor Loading	60.00
John Rivers, Truck	72.63
Brad Benton, Labor	133.26
John Benton, Labor	1.33
Lyman Boyce, Jr., Labor	32.24
Everett Steele, Labor	4.65
Ralph Steele, Jr., Labor	1.33
Total for Sanding	<hr/> \$ 701.51

As you all know we started out the year plowing with three trucks. Mr. Ham, who has plowed for the town faithfully for many years, was forced to give up his work on February 20th which left us with only Mr. Rivers' truck which obliged by breaking down that same day. The patience and courtesy shown by all the townspeople and property owners during the time when no plowing was done was not unnoticed, and was deeply appreciated. Much thanks goes to Frank Avery who worked all day Sunday and each evening to help us out. Cost of the plowing was as follows:

Clayton Ham (until Feb. 20th)	\$ 2,485.00
John Rivers (until Feb. 20th)	
Truck	982.50
Tractor	77.00
John Rivers (all roads after Feb. 20)	880.00
State of N. H., Grader at Robbins Nest	6.70
Total for Plowing	<hr/> \$ 4,431.20

Other work for last winter is as follows:

John Rivers	
Snow Fence	\$ 37.80
Thawing Culverts	57.20
Cleaning Ditches	24.20
Picking Ice	15.96
Dave Rodgers, Snow Fence	10.64
Donald Mills, Snow Fence	11.30

---

Total Other Work	\$ 157.10
------------------	-----------

---

Total expended during 1959 for 1958-59 Season	\$ 5,507.41
--	-------------

Cost of putting out 200 yards of sand and plowing to Dec. 31, 1959, for current season is as follows:

John Rivers	
Trucking Sand	\$ 94.30
Tractor Loading	51.25
Labor	6.40
Plowing	329.00
Chester Downing, Plowing	236.00

---

Total	\$ 716.95
-------	-----------

Total Expended during 1959 for Winter Work	\$ 6,224.36
---	-------------

As you all know a new plan has been adopted for plowing this year. Our concern is to get the most plowing for the least money, and have the people satisfied. Your suggestions are most welcome and are the only way we have to know how you feel.

## STATEMENT

### From the Retiring Chairman — Selectmen

---

I was elected to the Board in 1945 — when the Town was in somewhat of a predicament, having lost two of its Selectmen in a single year. One of the men had kept the Town Records in his own way for twenty-four years.

The period behind us since then, has taken us from “town records kept at home” to a well organized headquarters in a town office — from a reputation for putting out one of the poorest town reports, to putting out one of the best — from a period when most families were still homesteading the old farm, to a period in which most people drive to a “job” in industry — from three road districts with shovels and hoes, to a single Agent with some machinery — from three District Schools with water pails and “out buildings” to a consolidated school with modern facilities — from scholars who walked to school and brought their lunch, to scholars who ride and have their lunch cooked for them.

The period ahead of us now, presents the problem of living in a modern way — within our means. Thornton is not very naturally a place for industrial expansion to take place. But it has other natural assets which, when developed, are capable of relieving the tax load considerably. The possibilities are within sight, and the opportunity for the Selectmen to show leadership continues to be an exciting one.

KENNETH W. ROBBINS

## **CEMETERY REPORT**

I have done some grading in Pine Grove. It was mowed three times. At the Gore and Hanson Cemeteries we mowed once. The Mad River and Orris Cemeteries were cared for by Roy Sawyer.

BERT BENTON,

Superintendent

---

## **AUDITORS' REPORT**

The accounts and records of all Town Officers charged with the custody, receipt and disbursement of public funds for the year 1959 were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were verified by source in so far as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by return of verification notices.

NELLIE M. ADAMS,

JAMES N. POPE,

February 2, 1960

Auditors

## PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation.

Yet, despite all this, there still persists a disturbing note:—

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning.

3. Make certain your fire is DEAD OUT before leaving it.

4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.

5. Don't burn at home — Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 0

Number of acres burned 0

Number of permits issued 24

BERT BENTON,

Forest Fire Warden

## THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the School District in the town of Thornton qualified to vote in district affairs:

You are hereby notified to meet at the Thornton School in said district on the tenth (10th) day of March 1960, at 7:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the school district will authorize the School Board to employ a helper for the School Lunch program and to raise and appropriate four hundred fifty dollars (\$450) for this purpose.

10. To transact any other business that may legally come before this meeting.

Given under our hands at said Thornton this fifteenth (15th) day of February, 1960.

CHARLES V. OUELLET,  
Chairman  
LAWRENCE THOMPSON,  
GERTRUDE HILTZ,  
School Board

Balance (Actual or Estimate)	\$ 1,500.00
State Aid	900.00
Federal Aid	600.00
Town Hall	100.00

---

Total Receipts other than Property Taxes	\$ 3,100.00
District Assessment	39,850.70

---

Total Appropriation Voted by School District	\$ 42,950.70
--	--------------

# FINANCIAL REPORT OF THE THORNTON SCHOOL DISTRICT

For the Fiscal Year Beginning July 1, 1958  
and Ending June 30, 1959

## Receipts

### FEDERAL AID

National Forest Reserve	\$ 379.63
State of N. H. Milk Reimbursement	526.38

### LOCAL TAXATION

Balance of Previous Appropriation	2,239.51
Current Appropriation	33,100.00

### STATE AID

School Building Aid	1,800.00
---------------------	----------

### OTHER SOURCES

Sale of Milk	102.04
Rent from Town	100.00
Tuition Refund, Lincoln	169.02
Tuition Refund, Plymouth	81.00

Total Receipts	\$ 38,497.58
Cash on hand at Beginning of Year, July 1, 1958	234.25
	\$ 38,731.83

## Payments

### ADMINISTRATION

Salaries of District Officers		
Frances Steele	\$ 125.00	
Charles V. Ouellet	75.00	
Laurence Thompson	75.00	
James N. Pope	125.00	
		\$ 400.00
Superintendent's Salary — Local Share		
Supervisory Union No. 48	\$	322.02
Tax for State Wide Supervision		
Treasurer, State of N. H.	\$	216.00
Salaries of other Administrative Personnel		
Supervisory Union No. 48	\$ 115.31	
Virginia Wood (Union Secretary)	15.00	
Frances Steele, Census	15.00	
Nellie Adams, Auditor	10.00	
Alton Benton, Auditor	10.00	
Phyllis Holbrook, Keeping Records	50.00	
		\$ 215.31

## SUPPLIES AND EXPENSES

Analysis Charges	\$	7.60
Edson Eastman Co.,		
Manifests	\$	18.45
Monthly Reports		2.77
Census Cards		1.19
		<hr/>
	\$	22.41
Glenroy Howland, Envelopes		24.80
N. H. School Board Dues		10.00
Record Print, School Reports (275)		104.07

School Treasurer

## SUPERINTENDENT'S REPORT

---

### TO THE THORNTON SCHOOL BOARD

Hereby submitted is my annual report as your Superintendent of Schools.

Since my last report it is my feeling that your school has been run efficiently and well. Upon the resignation of Mrs. Thompson in June, Mrs. Virginia Dearborn, a graduate of Plymouth Teachers College and a resident of Campton, was employed to teach Grades I and II. I am highly satisfied with her work and think she is doing a fine job.

I am sure you are aware that if your enrollment continues to grow, before too long some provision must be made for another room and another teacher. As I see the problem there are two alternatives. One would be the construction of another classroom attached to the building or using part of the present auditorium for a classroom. I would hate to see the auditorium used for this purpose but it would be the cheaper of the two methods. Mrs. Benton now has 37 in her room with a possibility that next year there will be over 40; which is too many for a teacher to have under any conditions and far too many where a multiple grade room is concerned. If this trend should continue any length of time, and it looks as if it would, I think there is no question from an educational point of view that some children will suffer.

It is very gratifying to see how well the school lunch program is progressing. From the number of children who eat lunch each day, I am sure that the program meets with the approval of most of the district.

The Thornton School is now better equipped with modern up-to-date textbooks than at any time since I have been here. With the adoption of the new spelling series this year, we have new books for each area and outside of replacements for increased enrollments and

work books we use regularly, there is not too much to be done. About the only needs we have other than in the above-mentioned areas are more reference materials and supplementary readers.

The record system we keep on each individual child is maintained in folders throughout eight years of grade school. These folders are passed on to the Principal of the high school where the child attends. This information including test results, along with pupil and parental ideas, is used for high school course placement.

I am recommending to the school board that beginning next year we start an organized plan for building up-keep. At this point there is no great need, but to continue for many more years without doing something will eventually lead to a large maintenance bill at some future date which you might not be able to afford all at once.

Thank you for your cooperation throughout the past year. If there is any way I can serve you on matters concerning education, either individually or collectively, please feel free to contact me.

Respectfully submitted,

M. WAYNE BOWIE,  
Superintendent of Schools

## EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent of schools as per the following quotation: "REPORTS. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1958-59 received a salary of \$7,000 which was made up as follows: \$3,500 paid from the per capita tax and \$3,500 prorated among the several school districts. Allowance of \$1100 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 663.25	\$ 208.45
Plymouth	1,289.40	405.24
Rumney	515.20	161.92
<b>Thornton</b>	310.45	97.57
Wentworth	153.30	48.18
Woodstock	543.20	170.72
Dorchester	25.20	7.92
	<hr/> \$ 3,500.00	<hr/> \$ 1,100.00

Superintendent's salary for 1958-59 based on the above figure is reconciled as follows: \$3,500 paid by the various districts, plus \$3,500 from State per capita tax, equals \$7,000 superintendent's basic salary.

M. WAYNE BOWIE,  
Superintendent of Schools

## PROPOSED SUPERVISORY UNION NO. 48

### SCHOOL CALENDAR 1960-1961

September 7, 1960 Wednesday, Schools Open  
October 20 & 21, 1960 Thursday & Friday, State  
Teachers Convention, Schools Closed  
November 11, 1960 Friday, Veterans Day,  
Schools Closed  
November 23, 1960 Wednesday, One Session  
Thanksgiving Recess, Schools Close  
November 28, 1960 Monday, Schools Reopen  
December 23, 1960 Friday, All day session, Schools  
Close for Christmas Holiday.  
January 3, 1961 Tuesday, Schools Reopen  
February 17, 1961 Friday, Schools Close, Midwinter  
Vacation  
February 27, 1961 Monday, Schools Reopen  
April 21, 1961 Friday, Schools Close, Spring Vacation  
May 1, 1961 Monday, Schools Reopen  
May 30, 1961 Tuesday, Memorial Day, Schools Closed  
June 16, 1961 Friday, Schools Close

Total days in Session 181. Under a new law, Teachers Convention Days no longer count as school days and the school year must include at least 180 days in actual school sessions. This calendar takes the new law into consideration and allows ONE day to close schools for storms or other emergencies — if more than one day is lost for these purposes, the time must be made up.

## THE MUSIC PROGRAM IN THORNTON

---

Much emphasis has been put on improving tone quality in singing during the past year. Students have learned more about notes and note values and tend to be more accurate in singing. Rhythmic activities have included use of rhythm instruments; basic movements such as marching, skipping, sliding and galloping; singing games; folk dances, and square dances. Listening has been limited, but much improvement has been shown in discussion of music and musicians.

ARLINE E. WILSON

Music Supervisor

## ANNUAL SCHOOL HEALTH SERVICE REPORT

### 1958-1959

---

The usual screening tests were done to find any symptoms of a defect in hearing and vision. Routine heights and weights were done. Inspections were made for signs of illness. Health histories were kept on each pupil. Inspections were made on hair and scalp.

Defects found in Vision	12
Defects in vision corrected with glasses	9
Defects in hearing	none
Defects in teeth	54
Under dental treatment	29
Tonsils	18
Tonsils corrected by operation	6
Extreme overweight	2
Speech	4
Home visits	7
Orthopedic, under treatment	3

Respectfully submitted,

HELEN H. FISHER, R.N.
